

# *The Life Style Commitment*

*Recognizing that the peaceful development and perhaps the survival of the human race are threatened by:*

- *The injustice of extremes of poverty and wealth;*
- *The profligate use of natural resources and the pollution of the environment;*
- *The denial of useful and creative work to so many people;*

**I therefore seek to:**

- *Live simply that all may simply live;*
- *Give freely that all may be free to give;*
- *Avoid wasteful use of resources and show care for the environment;*
- *Work with others for social justice through appropriate action;*
- *Enjoy such good things as are compatible with this Commitment;*
- *Share my commitment with others.*
